**ACCOUNTANTS' REPORT**

To the Board of Commissioners of the  
Webster Parish Convention and  
Visitors Commission

We have reviewed the accompanying financial statements of the governmental activities and the major fund of the Webster Parish Convention and Visitors Commission, a component unit of the Webster Parish Police Jury, as of and for the year ended December 31, 2005, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of the Webster Parish Convention and Visitors Commission.

A review consists principally of inquiries of entity personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information on page 16 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. The other supplemental schedules on pages 24 through 26, are not a required part of the basic financial statements and are presented for purposes of additional analysis. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form assurance on the supplementary information.

The Webster Parish Convention and Visitors Commission has not presented management's discussion and analysis that the Government Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, we have issued a report dated June 23, 2006 on the results of our agreed-upon procedures.

Notes to the Financial Statements  
As of and for the Year Ended December 31, 2005

**INTRODUCTION**

The Webster Parish Convention and Visitors Commission was created by Ordinance No. 859 of Webster Parish Police Jury in May, 1991. The purposes of the Commission are (1) to represent the business and civic community on an organized and non-profit basis for the solicitation and servicing of conventions and for the promotion of visitor activity within the Parish of Webster and (2) to present necessary facilities, equipment, and services to visitors and convention officials.

The governing authority of the Commission is a board of directors composed of seven members who shall serve without compensation. The directors are appointed by the Webster Parish Police Jury from nominations made by various governmental entities and other organizations within the Parish. The Directors are appointed to serve a term of three years.

The accounting and reporting practices of the Webster Parish Convention and Visitors Commission conform to generally accepted accounting principles as applicable to governmental units. Such accounting and reporting procedures also conform to the industry audit guide, Audits of State and Local Governmental Units, published by the American Institute of Certified Public Accountants, and to the applicable Louisiana Revised Statutes.

GASB Statement No. 14, The Reporting Entity, established criteria for determining the governmental reporting entity and component units which should be included within the reporting entity. Under the provisions of this statement, the Commission is considered a component unit of the Webster Parish Police Jury, the financial reporting entity. The police jury is financially accountable for the Commission because it appoints a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the Commission and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise that financial reporting entity.

**1. Summary of Significant Accounting Policies**

**A. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Webster Parish Convention and Visitors Commission (Commission). Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Notes to the Financial Statements  
As of and for the Year Ended December 31, 2005

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. The major individual governmental fund, which is the general fund, is reported in the fund financial statements.

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The accompanying financial statements of the Commission have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. This is the first year the Commission has presented its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34. This new standard provides for significant changes in terminology, recognition of contributions in the Statement of Revenues, Expenses and Changes in Net Assets, inclusion of a management discussion and analysis as supplementary information and other changes.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Occupancy and sales taxes are recognized as revenues in the year for which they are earned. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Although most expenditures are recorded when a liability is incurred, as under accrual accounting, the measurement focus of a governmental fund significantly affects what items are to be considered expenditures in the

governmental fund. Expenditures, and the related liabilities, are accrued when they are expected to be paid out of revenues recognized during the current period. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Occupancy and hotel sales taxes and interest associated with the current fiscal period are all considered susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives cash.

The Commission reports the following major governmental fund:

The General Fund is the Commission's primary operating fund. It accounts for all financial resources, of the general government, except those required to be accounted for in another fund.

**C. Deposits and investments**

For reporting purposes, cash and cash equivalents include cash and demand deposits. Under state law, the commission may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Under state law, the commission may invest in United States bond, treasury notes, or certificates. These are classified as investment if their original maturities exceed 90 days; however, if original maturities are 90 days or less, they are classified as cash equivalents.

**D. Capital assets**

Capital assets, which include property, plant and equipment, are reported in the governmental activities in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Commission maintains a threshold level of \$2,500 or more for capitalizing capital assets. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add value to the value of the asset or materially extend the asset lives are not capitalized.

As of December 31, 2005, there were no capital assets exceeding the threshold level of \$2,500.

**E. Budgets and budgetary accounting**

The Commission follows these procedures in establishing the budgetary data reflected in these financial statements:

- 1) An annual budget of receipts and expenditures is prepared and adopted by the Board of Commissioners.
- 2) Each annual budget of the Commission for the next fiscal year is filed with the Webster Parish Police Jury before the beginning of the current fiscal year.
- 3) The budget for the general fund is not adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 4) Appropriations lapse at the end of each fiscal year.
- 5) The revenues and expenditures shown on page 8 are reconciled with the amounts reflected on the budget comparison on page 16 as follows:

Excess of revenues and other sources over expenditures and other uses (GAAP Basis)	\$ 83,546
Adjustments:	
Decrease in hotel tax receivables	(1,248)
Increase in accounts payable	<u>(1,405)</u>
Excess of revenues and other sources over expenditures and other uses (CASH Basis)	\$ <u>80,893</u>

**2. Cash and cash equivalents**

At December 31, 2005, the Commission has cash and cash equivalents (book balances) totaling \$147,087, as follows:

Demand deposits	\$ 302
Interest-bearing deposits	<u>146,785</u>
Total deposits	\$ <u>147,087</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2005, the Commission has

bank that is mutually acceptable to both parties. At December 31, 2005, the Commission has \$230,271 in collected bank balances. These deposits are secured from risk by \$180,975 of federal deposit insurance and \$149,631 of pledged securities.

3. Investments

At December 31, 2005, the Commission had investments of \$80,674, in two (2) certificates of deposit whose maturities are in excess of 90 days. These certificates of deposits are secured from risk by federal deposit insurance and pledged securities.

4. Hotel/motel occupancy taxes

Funds for the Commission are derived from a two-percent (2%) occupancy tax levied on hotel and motel rooms and over night camp facilities located within the Parish of Webster with the exception of the Methodist Conference Center.

5. Operating agent

The Minden/South Webster Chamber of Commerce serves as operating agent for the Commission. The Chamber of Commerce is reimbursed for the Commission's share of expenses by a monthly operating management fee. The Commission approves the amount of the monthly fee on an annual basis.

## INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners of the  
Webster Parish Convention and  
Visitors Commission

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of the Webster Parish Convention and Visitors Commission and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Commission's compliance with certain laws and regulations during the year ended December 31, 2005 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

### *Public Bid Law*

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

We observed no expenditures made during the year for equipment exceeding \$20,000 or public works projects exceeding \$100,000.

### *Code of Ethics for Public Officials and Public Employees*

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

The Commission has no employees.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

Not applicable, since the commission has no employees.

#### ***Budgeting***

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget with amendments noted. There was one amendment made during the year ended December 31, 2005.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on December 21, 2004. We traced the amendment to the budget to the minutes of the meetings held on December 20, 2005, which indicated that the amendments were appropriately adopted.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

#### ***Accounting and Reporting***

8. Randomly select 6 disbursements made during the period under examination and:

- (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) determine if payments were properly coded to the correct fund and general ledger account; and

All six payments were properly coded to the correct fund and general ledger account.

- (c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approval from a member of the Board of Commissioners.

### *Meetings*

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The Webster Parish Convention and Visitors Commission is only required to post a notice of each meeting and the accompanying agenda on the door of the Commission's. Although management has asserted that such documents were properly posted, we could find no evidence supporting such assertion other than an unmarked copy of the notices and agendas.

### *Debt*

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits, which appeared to be proceeds of bank loans, bonds, or like indebtedness.

### *Advances and Bonuses*

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees, which may constitute bonuses, advance, or gifts.

The Commission has no employees.

Our prior year report, dated June 28, 2005, did not include any comments or unresolved matters.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Webster Parish Convention and Visitors Commission and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
